Professor Dominic Wilkinson, Chair & Lead European Neonatal Ethics Conference

Dominic Wilkinson is the Chair and Lead for the European Neonatal Ethics Conference. He is Associate Professor and Director of Medical Ethics at the Oxford Uehiro Centre for Practical Ethics, University of Oxford. He is also a consultant neonatologist at the John Radcliffe Hospital, Oxford. Dominic trained in neonatal intensive care in Melbourne and has also worked as a doctor in adult and paediatric intensive care units. He completed a Masters degree in Human Bioethics in Australia and a DPhil in Bioethics in Oxford on the ethical implications of magnetic resonance imaging in newborn infants with birth asphyxia. Dominic has written a large number of academic articles relating to ethical issues in intensive care. He is the author of a critically-acclaimed book "Death or Disability? The 'Carmentis Machine' and decision-making for critically ill children" Oxford University Press 2013. He is also co-author of an online handbook for parents-"Caring-decisions"

www.rch.org.au/caringdecisions. He is Associate Editor of the Journal of Medical Ethics and Managing Editor of the Journal of Practical Ethics.

Dr Alok Sharma Co-Organiser and Treasurer European Neonatal Ethics Conference

Dr Alok Sharma is a Consultant Neonatologist at Princess Anne Hospital Southampton. He is Lead for the Wessex-Oxford Neonatal Education Programme and Neonatal Simulation Programme at Princess Anne Hospital Southampton. Alok started his postgraduate training in paediatrics in India completing an MD on 'Meconium Aspiration'. He has trained in neonatal and paediatric intensive care at Aberdeen, London, Exeter, Southampton and Leicester. He has founded the 'Neonatal Ethics and Difficult Situations Course' which is run nationally in multiple centres in the UK along with Dr D Wilkinson, Dr Sijo Francis, and Dr S Babarao. He has also developed the OPEN concept in simulated learning and worked on its implementation in ethics education. He has run numerous workshops on the ethical aspects of implementation of therapeutic hypothermia in India in partnership with the National Neonatology Forum India. Work on multidisciplinary neonatal simulation done by his team, and its impact on neonatal outcomes was nominated for the National BMJ Award securing the Runner's Up position in 2014 and was awarded the Best Research Award at ASPIH 2014.
